

Regional Presentation: Instructions and Judgement Criteria

Duration of presentation: 10 Mins + Q&A: 10 mins

[Please note: Exceeding your presentation time of 10 mins may lead to disqualification]

Instructions for the day of presentation

- Please reach 30 minutes before the time slot allotted to you on the day of presentation and register yourself at the Registration Desk.
- Students will leave the venue immediately after their presentation and will reassemble at the time of the Regional Award Ceremony. *(All participants will receive a Participation Certificate)*
- We are on the lookout for future engineering leaders. Therefore, your behaviour and interaction must be befitting this profile. Please refrain from engaging in any unprofessional conduct
- Ensure you are **well groomed and dressed professionally**.
- Please carry **originals of your certificates** on the day. Please see the instructions below for this:

You will need to show the original copies of all your certificates. If we do not find evidence to support the claims you have made during the application, you may get disqualified from the scholarship awards. If the original documents are not available with the student, for whatever reason, they can get a certified copy. (Certified by their Principal, Dean, HOD or a Govt. Gazetted Officer)

Documents needed to be carried on the day. *(Originals will be returned post verification)*

- 10th standard marks sheet (Mandatory)
- 12th standard /Diploma marks sheet (Mandatory)
- Engineering marks sheet (For all semesters, completed until now)
- Certificate of any National/State Level competition that you have won (if added in your application)
- Certificate of any Indoor/Outdoor sport competition that you have won (if added in your application)
- Other Memberships / Certifications of Student / Professional bodies (if added in your application)

Evaluation of presentations (Judging criteria)

Your presentations will be evaluated on the following parameters:

Technical Potential

- Understanding of the problem and unique context it is placed.
- Capability to interconnect various technologies and disciplines in finding a solution.
- Feasibility of Solution
- Novelty of the idea

Leadership Potential

- Translation of idea and thoughts to speech (ability to communicate technology to non-technologists)
- Professionalism demonstrated.
- Interpersonal skills
- Inclusive nature while responding to solutions.
- Personal accountability demonstrated to make the solution happen.

1. Key pointers for your presentation -

- Solution Based: Your presentation must be a **'technological solution'** to the problem posed and not a managerial or administrative solution.
- Holistic Thinking on the subject: Ability to describe the subject from whole to part.
- Original thinking or cerebral thinking of the solution, then just a review of the existing literature and solutions on the subject. A pragmatic approach to the solution.
- Scope the technology clearly indicating what is being presented and what is excluded.
- If you have referred to content, ideas, concepts etc., please attribute them to their deserving sources. Please do not engage in any form of piracy.

2. Guidelines for your presentation -

- Time allotted for each participant is 10 mins for the presentation, followed by 10 mins of Q&A session with the jury.
- Presentation should not exceed 10 slides.
- Please mention **your full name, year of study and name of your university/college on the first slide of your presentation along with your challenge statement**
- Ensure that your presentation is not very text heavy. Try to use pictures, photographs, graphs, videos, smart arts etc. to depict your ideas.
- Choose the font size of your presentation with care such that it ensures clarity and visibility.
- By virtue of your participation in the regional/national rounds and the award ceremony, you give IET the express right to interview, photograph and/or videotape you and use them in any or all of our marketing collaterals.

3. Presentation File

- a) Students can choose to get their pptx in their own laptops to connect to the projector for the presentation. Or
- b) Carry the file in a Windows 10 compatible pen drive Or
- c) Share via Google Drive

(IET Staff/Volunteers will not be responsible for any technical failures)

If you have any questions or clarifications, please email them to scholarships@theiet.in
